LOCKED UP DEATH

MADALINE HILL

Verse 1
A wretched heart made worthy
Pardoned from my chains
You breathed Your spirit in me
Now there's mercy in these veins

Pre Chorus
Lover of my soul
All I am is Yours
Plucked me from the grave
And freedom took hold

Chorus
Locked up death
Buried the key
Grace pours down covers me
I lift up my hands
For all to see
You are good, You are good

Verse 2
Now I rest rejoicing
Defended by You, Lord
Desolation banished
You have overcome the world

Bridge
Where can I run to escape
A love that conquered the grave
My soul no longer to hide
When You made a thief Your bride
